McEVOY WILL NOW FILED IN OAKLAND

The last will and testament of P. H. McEvoy, who was killed in an automobile accident at Oakland a short time ago, was admitted to probate in the superior court of Alameda county this week. The will entirely written, signed and dated by himself, on March 13, 1922. By the terms of the will a specific bequest is made to the grandson of the deceased, R. H. Bell of Palo Alto, of personal effects consisting of a gold watch and chain, rifle, shot gun, and engine transit and a medal awarded by a gun club to the deceased some years ago and highly prized by him. The estate is divided into eight equal parts and distributes the same amongst eight of his children. In addition, Muriel Maloney of Menlo Park, a grand-daughter, is given a share equivalent to that of the children. One-half of the estate was devised to his widow and as much as she survived him by a few hours, her estate will succed to one-half.

Under the terms of the will all the children are not equally provided for, but there is a friendly feeling existing amongst all the heirs and it is their intention that they shall all share equally in the estate. Mrs. McEvoy left no will and consequently the children will all share equally in her estate, with the exception of Muriel Maloney, who, of course, will not inherit.

The estate consists of cash in the bank amounting to $500, prommissory notes secured by mortgage having a face value of $10,000, real property in the City of Oakland consisting of two flats, real estate in the City of Richmond, a small acreage in Elvarano in Sonoma County, and some unimproved lots near Menlo Park of small value. The entire estate is probably worth $20,000.

No executor was named in the will and by consent of all the heirs, Mrs. Ethel J. Smith, formerly Ethel McEvoy, now living in Oakland, was appointed administratrix, with the will annexed of her father's estate and administratrix of the estate of her mother.

A. T. Shine, a former Woodside young man, but now a prominent attorney in Oakland with offices in the Oakland Bank Building, is the attorney for the estate.

R. D. CRUICKSHANK ACCEPTS A LUCRATIVE POSITION

R. D. Cruickshank is leaving for the Arlington Hotel, where he is to be employed as Superintendent of the grounds. Cruickshank has been a noted landscape gardener and is a graduate of the Botanical Colleges of London, and was in early life sent out to India, where he has resided for many years. He has been living in Redwood City and Menlo Park for the past ten years in retirement, but the flattering salary offered him by he Arlington people has induced him to accept the position. He owns a beautiful home here and some day will return and spend his declining years among the friends he loves so well.

RAVENSWOOD P. T. A. TO ENTERTAIN TEACHERS

A reception to the teachers of the Ravenswood School and the Sequoia Union High School will be given at the Ravenswood's School Auditorium on Friday evening, October 12th.

Parents and others interested in the welfare of the school are cordially invited.

You may trust to luck and find that luck isn't trusting to you.

Would You Cash a Check Signed

John D. Rockefeller?

You would if you really knew it was his signature. Why? Because you have seen his name in print. You've read he is one of the richest men in the world, and you believe what you read if it is repeated often enough.

It is the same with merchandise. You know Campbell's Soups, Ivory Soap and Rodger's Silver are all splendid products. The man who sells them does not have to introduce them.

And it's the same with Grimmenstien Electric Service. Those that have given us a trial have been convinced that we are capable of giving the right service, and at the right price.

WOMAN'S CLUB AIDS RED CROSS

The Redwood City Women's Club this week handed to Mrs. J. W. Winters, secretary of the Redwood City chapter of the American Red Cross, $58.75 as the contribution of the club for the relief of the Japanese earthquake sufferers. This amount was secured at the entertainment given by the club two weeks ago. This addition from the club brings the total contributed by this city to $1504. This is two and one half times as much as Redwood City was asked to give.

Former Restaurant Man Dies Here

Theadore Angelopulos, who formerly cosducted the restaurant and lunch counter now operated by Geo. Genocio, passed away at his home at 319 Phelps street last Thursday morning at one o'clock. His death followed a protracted illness. The deceased was a native of Greece, and was 52 years of age. He is survived by his wife, Mrs. Catherine Angelopulos, and two children, and by a brother Angelo Angelopulos, also of this city.

The funeral was held yesterday from the undertaking parlors of Layng & Tinney on Broadway, interment was in Mt. Olivet Cemetery at Colma.

STILL OPERATOR FINED LAUNDRYMAN ACQUITTED

When his house burned down and his still blew up, Joe Beloise of this city thought he had trouble, but his were not over yet. Last Friday Justice of the Peace Ray Griffin taxed him $600 on a charge of violating Redwood City's volated act. Jules Janchere, lacndryman, and owner of the property, was also arrested and tried yesterday, and immediately acqitted when it was found that he rented the property to Beloise, and did not know that the latter was making liquor on the premises.

MRS. MARY THOMPSON RECEIVES FINAL DEGREE

Mrs. Mary Thompson has been granted a final decree of divorce from Arnold Thompson by Superior Judge Geo. H. Buck.

Thompson was the leader of the bandit gang that in March of last year held the family of Julian Hart in captivity for a full night while they broke into the concrete vault in the McNear residence at Menlo Park and made away with thousands of dollars worth of liquor. He was arrested when he returned to his home in Redwood City by Sheriff H. W. Lampkin, and after conviction in the Superior Court was sentenced to San Quentin, later being paroled.

Mrs. Thompson secured an interlocutory decree on Sept. 27, 1922, on her complaint filed by Attorney Jas. T. O'Keefe that Thompson had been convicted of a felony.

NORTH END PIONEER PASSES

Martin Oberhaus, one of the pioneers of the north end of San Mateo county passed away at his home in the West End Homestead, Thursday. Mr. Oberhaus was a native of Switzerland, aged 71 years, but had lived in this country since his early manhood. The deceased formerly was engaged in the dairy business, but had retired several years ago.

During the time when party politics held sway, Mr. Oberhaus was a power in San Mateo county politics as he had a great hold on the Swiss and German voters, and so was sought after by those who were running for office. His wife passed away three years ago and since her death other relatives have resided with him. Among the properties which he owned was the six acre tract at the County line, where the old Coffroth Arena was located.

The funeral will be held this morning at 9 o'clock from St. Michael's Catholic Church, Ocean View, where requiem mass will be celebrated. Interment will be in Holy Cross Cemetery.

LAS LOMITAS P. T. A. HOLD INTERESTING MEET

The regular meeting of the Las Lomitas Parent Teachers' Association was held at 2:30 yesterday afternoon in the school house. Mrs. J. W. Bingham, president of the sixth district P. T. A., gave an interesting talk on the Union Federation. The Las Lomitas organization is well launched on its second year's work. A week ago they gave a reception to the teachers, a happy occasion, when father as weill as mother visited with teacher.

A short program consisted of a welcome to the teachers by Miss Burnadette Clark for the P. T. A. and Rev. L. O. A. Robinson for the community; a group of songs charmingly sung by Miss Emely Gravestock of Runnymede, and a stirring talk by Miss Davis, about her work of a dozen years' as leader of a boys' club in North Boston, and her experiences with the American army overseas. Refreshments were served.

The officers of the association are: President, Miss Burnadette Clark; Vice-President, Mrs. R. E. Terwilliger; Secretary, Mrs. M. E. Hogevoll; and Treasurer, Mrs. J. B. Felix.

Foresters Honor 26th Anniversary

Court Madrone No. 158, Foresters of America, celebrated its 26th birthday last Saturday night at a very interesting meeting. Grand Organizer John J. Read, daddy of Court Madrone, had been at work in Redwood City for two weeks past and had a class of tweny-four candidates who were initiated into the myteries of Forestry before a large number of members and all of the officers of the Grand Court of California. The initiatory work was put on for the first time in its new form by the officers, and the correctness and impressive manner in which it was done won the praise of the Grand Officers who expressed themselves as never having seen it done so well.

The officers of the degree team were James Debenedetti, Chief Ranger; Frank Vano, Sub-Chief Ranger; Albert Bullivant, Junior Past Chief; and Michael Chaves, Lecturer. The floor work was put on by a team composed of William Lutje, Robert King, Frank Allain, Emil Allain, Eroid Coats, P. Pelligrini and E. Pease.

At the close of the meeting speeches were made by the grand officers and by John J. Read, now of Los Angeles, but who for many years was the most active member of Court Madrone. A most bontiful meal was then served that topped off the meeting in good shape.

EASTERN STAR ENTERTAINS

One of the most pleasant affairs of the season was enjoyed by the members and friends of the Sequoia Chapter of the Eastern Star last night. The evening was devoted to a party in honor of five recently married couples connected with the chapter. After a short business meeting, a delightful program was enjoyed, consisting of musical numbers by Mr. and Mrs. Pierce Coombs, Mrs. Alma Lehrman, Mrs. Henry Lown, Mrs. Harold Simpton, Mrs. Audiried and Mrs. Gordon De Holms, and introduced by a short speech of welcome by John Gill, patron of the chapter.

Following the program, each of the newly married couples were presented with a beautiful potted fern and then helped themselves from a grab bag, where many beautiful, useful and comical gifts were found to be waiting or them.

The party then adjourned to the banquet hall, where a dancing number by the Martin sisters was enjoyed, and was followed by a dance and refreshments. The committee who planned the entertainment was composed of the following: Mesdames John Carl, Annie Mantz, Lawrence Heiner, Miss Cora Clute and John E. Layng.

The recipients of the many gifts from the chapter were Mr. and Mrs. Raymond Mitchell, Mr. and Mrs. Ed Jennings, Mr. and Mrs. John Isaac, Mr. and Mrs. De Witt Smith and Mr. and Mrs. Louis Uhlenberg.

Stevens has recovered his former good health and expects to occcpy the pulpit in the Lodi Congregational Cherch next Sunday. A family re-union was held in Woodside last Sunday and was attended by a number of relatives from this city.

Mr. and Mrs. Earl Rush are receiving the congratulations of theih friends upon the arrival of a baby boy at their home. The new arrival makes the third little Rush in the family.

County Assessor D. P. Flynn is in Santa Maria, attending the convention of county assessors. The assessor is accompanied by Mrs. Flynn.

Pescadero Girl Married in S. F.

On Sunday, September 23rd, a quiet wedding took place in San Francisco, when Mr. M. Resnic took for his bride Miss Ione Moore. The ceremony was performed by the Rev. Father Millet of the St. Mary's Cathedral. Miss Berince Moore acted as bridesmaid and Mr. Chas Etcheber as best man. Miss Moore was born in Pescadero and spent her early girlhood on the coast side. She is a charming young woman and has hosts of friends in the metropolis and coastside. She holds a responsible position with the Pacific Telephone & Telegraph Comapny in San Francisco. Miss Moore is the decendent of two pioneer families. She is the daughter of Frances and the late Walter H. Moore, and a sister of Mrs. J. Mesquite, Mrs. Frank Williamson, and Walter H. Moore, Jr., of Pescadero, and Miss Bernice Moore and George E. Moore of San Francisco.

Mr. Resnic is a San Francisco man and is well known in the athletic world. Mr. and Mrs. Resnic will make their home in San Francisco.

HAS NARROW ESCAPE

Joseph J. Haihr, manager of the local salt company, had a narrow escape from an accident Wednesday. Mr. Haihr, with Mr. Greenbaum, manager of the Alaska Codfish Packing Co., and another gentleman were riding in Mr. Haihr's machine towards San Mateo. A slight rain had just fallen and the pavement was slippery when at a point just north of Belmont, Mr. Haihr put on hs brakes to advoid running against a machine ahead of him. So quickly that he had no time to think, the machine turned and skidded off of the road, struck the fence between the S. P. right of way and the highway and turned onto its side. The three gentlemen were thrown into the top of the machine and luckily not a one of them was hurt.

Passing motorists helped them out of the car and righted it. Little damage was done and Mr. Haihr is congratulating himself that he and his passengers came out of the affair so luckily.

Persistence paralyses procrastination.

Tax Collector Announcement

Tax Collector A. McSweeney announced this week the itinery which he will make in collecting taxes throughout the county. For the convenience of those residing at points removed from the county seat, it has been the custom of the tax collector to visit each town and collect the taxes of the surrounding territory. This year Tax Collector McSweeney will visit Pescadero, San Gregorio, Halfmoon Bay, San Bruno, South San Francisco, Colma Daly City, Burlingame, San Mateo, and Runnymede in the above order. The total itinery will take from November 2 to 22. Taxes are payable on October 15 and are delinquent on December 3.

AN ALASKAN CARGO IN PORT HERE

Laden to the gunwales with the wealth of the far off north, two schooners put into port here this week at the plant of the Alaska Fisheries Corporation. The two ships form part of a large fleet operated by the Alaska Fisheries in the frozen waters of the Aleutian Islands, and have come south with their cargo of shimmering cod, which will be disposed of in all markets of the United States. During the summer when the enlivening rays of the sun shall again break the grasp of the Ice King, upon the great American territory of the artic, the schooners will again leave for the "Land of the Midnight Sun," but while the seas are frozen over they will remain here, and fit out for the venture of next year. Other ships of the fleet will be in soon, it is expected.

NEW M. E. PASTOR

Rev. Harry Owens, new pastor of the Methodist Episcopal church here, arrived last Tuesday from England, where he has been for several years, and has taken charge of the affairs of the local church. Mr. Owens is a man of liberal education and pleasing personality, well eqcipped to carry on the work of his predecessor, Rev. C. L. Peck. Next Sunday Rev. Owens will take charge of the services, which will be at the usual hour.

GAS-ELECTRIC EMYLOYEES PAY BRITTON TRIBUTE

Paying a tribute to the memory of the late John A. Britton of Redwood City, former vice-president and general manager of the Pacific Gas & Electric Comapny, the employees of the company will hold memorial services at 3 o'clock, Sunday afternoon, October 7th.

Simultaneously, memorial services will be held in each of the principal towns and cities supplied by the company, under the auspices of the Pacific Service Employees Association.

Plans are under way for holding services for the San Jose Division in San Jose at 3 P. M. Sunday, October 7th, at Trinity Church.

The San Jose Division includes all the Peninsula Territory from Daly City to San Jose, and as far south as Salinas.

This should prove of special interest to many who have evidenced in numerous ways their regard for Mr. Britton, who through his connection with the Public Utility Association has come in contact with them.

The general public is invited. Further announcement as to the program will be published later.

John A. Britton, died in the Wakefield Sanitarium, San Francisco, on June 29, after an illness of six days. He was 67 years of age and one of the most prominent public utility men in the United States. He entered the employ of the Oakland Gas Company, at the age of 19, serving as a clerk, collector, and gradually working his way up through sheer ability to the position of First Vice-President and General Manager of the Pacific Gas & Electric Company. He was a regent of the University of California and was prominently identified with club and civic activities. He was a prominent member of the Red Cross, Boy Scouts of America, and other state and national movements.

Big Crowd See Corner Stone Laid

Thousands of spectators gathered at the new grounds of the high school to view the impressive ceremonies of laying the corner stone last Satrday. Despite the fact that the day was unusually warm and that the spectators had to stand for a long time in the sun, the gathering was one of the largest ever brought together in Redwood City for a similar purpose.

The actual laying of the corner stone was preformed by M. W. William A. Sherman, Grand Master of Masons of the State of California, and was preceded by musical numbers by the treble and bass cleffs of the Sequoia Union High School. The music, which had been prepared for the occasion by Prof. Otis M. Carrington, received the unfeigned praise of the Grand Master.

The speaker of the day was attorney Gilbert A. Farrell of Burlingame, who spoke in place of Dr. Jacob Nieto, who was unable to attend. Attorney Farrell complimented the trustees and voters of the Sequoia High School District upon their choice of a site, which was, he said, the best high school site he had ever seen.

A WHOLE LOT OF MONEY

Deputy County Auditor Edward M. Stack has just finished a statistical report for the State Controller which shows the amount of money which each school district of San Mateo County will pay into the County treasury as taxes this year if there is no delinquency.

The amount that will be raised for regular County purposes, such as roads, schools, salaries, general funds, etc. is $1,043,231.54.

The amounts to be paid for all special funds and for the redemption of bonds and for the payment of interest on bonded indebtedness is $696,697.93, making a grand total of $1,739,929.47, which the property owners of San Mateo County realty will have to cough up. In addition to the above, there will also be a real bunch of money collected by the different municipalities for the payment of salaries and sundry other expenditures.

ERNEST WERDER HONORED AT AGENTS CONVENTION

County Purchasing Agent Ernest H. Werder of San Mateo County was signally honored at the end of the Purchasing Agent's Convention, which closed its sessions in San Francisco last Saturday, by being elected vice-president of the California State County and Municipal Purchasing Agents' Association. The meeting, which was held in the Fairmont hotel, was attended by about 850 members of the association from all parts of the western states. The state association met with the national association.

Former Resident Dies in Palo Alto

Mrs. Mamie Rice, who for many years resided on Whipple Avenue, this city, passed away at her home on the Stanford campus last Monday. The cause of her death was determined to be apoplexy, according to the coroner's report. The Rices have lived at Stanford for the last few years, where Edward Rice, husband of the deceased holds a position on the Stanford ranch. Mrs. Rice leaves besides her husband, a mother, Mrs. Mary Gage, who resides with her, and a sister, Mrs. Annie Spofford of Boston Mass. She was a niece of Mrs. Jane Parker of this city. The deceased was 59 years of age and a native of Massachusetts. The body will be sent to her native state for interment.

MENLO PARK WOMAN DIES

Mrs. Mary Gale, widow of the late Edward Gale, died last Sunday night in San Francisco. She is survived by her daughter, Mary. Her son, John, died during the war. Mrs. Gale lived in Menlo Park until about six years ago. Her husband was a brother of A. W. Gale of this community. Her death resulted from complications that followed an attack of influenza about a year ago. Although she had been in poor health, the end came suddenly and unexpectedly.

WOODSIDE

Mr. and Mrs. Daniel C. Jackling have left their home here for the winter. Traveling in their private car, they have started for New York, where they will be for several months before returning to California.

Mr. and Mrs. Frank Hooper, who have been living at the J. A. Hooper place for the summer, rave returned to San Francisco.

Andrew Nelson has been taken to the hospital suffering from blood poisoning. Some time ago he had a tooth extracted and as a rescilt, either of unskilled extraction or lack of care thereafter, infection of such a nature set in that it was only by heroic measures that his life was saved.

Stephen Leigh, injured two weeks ago in a fall from a bridge on the Huddart estate, is still in the hospital, but is improving steadily and it is expected that he will be about again within the next two weeks.

Rev. Benjamin St. John will be in attendance at the Church Conference at Asilomar on Sunday next and in consequence, there will be no service in our Woodside Church on that day, but the Sunday School will meet as usual.

The rains of two weeks ago and the warm weather following have done wonders in changing the appearance of our rolling hills. COMMISSIONER TATE EXPLAINS QUARANTINE

In his regular report to the board of supervisors this month, County Horticultural Commissioner Tate explained the fumigation and quarantine regulations and the reason for them. Commissioner Tate said in part as follows:

"In my annual report to the board I stated that the fumigation of horse beans would no longer be required by this office. My statement was based on strictly an agricultural viewpoint, in no other words, the eradication or control of the weevil in the beans in this county, and it has been established, to my satisfaction, that fumigation is not an economically successful control measure. During the month, 610 sacks of horse beans have been quarantined by the U. S. Department of Agriculture, Bureau of Chemistry, Food and Drug Inspection, for the reason that they contained more weevil infested beans than the tolerance, which is 15 per cent. This office has therefore, as an accomodation to the growers, supervised the fumigation of 689 sacks of beans during the month.

I wish it understood that the quarantine is established by the U. S. Department of Agriculture as a pure food measure and not by this office. I will gladly supervise fumigation for any grower and furnish certificates, in order that he may meet the government requirements, on request.

Sixty-seven request for advice have been received during the month, a number of which have been from people who have recently planted lawns in Redwood City and vicinity, and have had the same die out. In most every case of this kind, the owner has filled in a lot, adobe soil, with sediment without first having broken up the original ground. The result has been that the lawn does well for a while, then it commences to look bad, the owner puts on more water and the grass is practically drowned out. The only remedy is to dig it up, and a little slacked lime, perhaps, let it air out, and replant.

Twenty-seven shipments, of 4232 plants have been received and inspected from California points, 10 shipments of 1280 plants and packages of seed from outside the state. In addition 3 shipments of 6005 plants, grown in San Mateo County, were inspected for esport. Total shipments 40 plants, and packages 11518.

SATURDAY, OCTOBER 6, 1923.

If the people of San Francisco appreciate efficiency, integrity and honesty in their officials they will re-elect Thomas F. Finn, Sheriff, by an overwhelming vote at the approaching election in November. He is a true and tried servant of the people, doing his duty always in a manner that has brought the sheriff's office of San Francisco to a high standard of efficiency. The eight years of his incumbency of this important posisition have been notable for sound business judgment, splendid executive ability, economy, honesty and good management qualities that should commend him to the taxpayers for re-election.

Mr. Finn is not only an ideal sheriff, but is also a leader of men, always doing something for someone, always aiding and encouraging some worthy cause, never tiring of helping others.

We urge all commuters voting in the city to cross their ballot next November for Mr. Finn, the true friend of the people, and help make the vote for him as near unanimous as possible.

LET'S ENLARGE OUR BOUNDARIES

The problem of providing a sidewalk on Woodside road has been bothering town, county and school district authorities for some time. There seems to be no solution for the problem. The city authorities cannot spend their money on a project which is outside their jurisdiction. The county supervisors have no funds for such a purpose and school funds can not be appropriated for building walks in front of somebody else's property.

We should like to offer the following suggestion: Let's enlarge our boundaries so as to include in the municipality all of the property west of the Highway and south of the Woodside road as far as East Greenwood that is not included in the City of Atherton. By doing that the town trustees would have authority to force the property owners to put down sidewalks.

The people who live in this section are really part of Redwood City. They attend our schools. They patronize our merchants. They are to all intents and purposes part of us, except that they are without the limits of the town. Should they be taken in, sanitary and water questions could be settled that are now causing great concern. The city would not gain a great deal so far as taxable income is concerned, but it really has a duty to preform to these people who are living next door to us and so need our counsel and help.

WATER AND SEWERS

A short time ago the town trustees rejected the request of certain property owners to supply water to a tract of land that is soon to be put upon the market for home building purposes. The reason for the refusal was based upon the fact that the tract is not sewered.

We are of the opinion that the trustees acted wisely. This property is not within our boundaries. The people who settle there, though, will have to do all their trading here and will naturally look to us for assistance in every way. If they have no sewers there will be danger of disease. We as a town will suffer if any epidemic comes to our neighbors because of unsanitary conditions.

THE WATER SITUATION

The people of this community will shortly be called upon to vote on the issuance of bonds for acquiring the properties of the Redwood City Water Company. The company is asking a price that has been set by the State Railroad Commission as a fair valuation for the wells, land and equipment.

We believe that the people should solidly support this project. The water system should be municipally owned. The distributing system is the property of the city, so why shouldn't we have the whole thing. If the price asked were exhorbitant, we would not urge the people to take over the property. We consider it fair. The owners of the water company gave the people water when they absolutely needed it. They spent their money to develope their property. To be sure, they secured a fair return on their investmnet. Now they want the town to take over their responsibility. The town should do so.

As soon as the town owns the property, it will be in a position to acquire a water softening system, and then we can have good soft water that will be a joy to the user and a source of revenue to the municipality.

SKYLINE PROGRESSING

The first unit of the Skyline Boulevard was opened to the public last Monday. It extends from the Sloate Boulevard, San Francisco, to the San Pedro-Colma Road in San Mateo County. Construction crews are at work on other sections of the project and the Half-moon Bay Road from the Spring Valley dam to the summit of the mountain is being graded and widened and the corners are being taken off of a number of the bad turns.

This new road is going to be of great value to the people of San Mateo County. It will also be a road of scenic wonders. The supervisors of San Francisco contemplate purchasing a number of the redwood tracts that border the route. These places will be used for picnic and camping sites, and will naturally attract tourists and week end parties, who will learn of our beauties and wonderful climate, and they will eventually become residents of this section.

This road will be a wonderful asset to every section of San Mateo County as it opens up a new section of the county and will help to relieve some of the congestion of our Sunday travel.

TEACHERS' INSTITUTE

(By R. W. Savage.)

The teachers' institute for 1923 was called to order in the San Mateo Union High School last Monday morning at 9:15.

It was somewhat of a disappointment to many of the teachers that the meeting was not held in the beautiful auditorium of the new Burlingame High, where it had been intended to hold the institute, this year, but the building was not fully completed so the pleasure had to be put off for this time.

Thanks to the care of Prof. W. L. Glascock, the San Mateo auditorium had been made very tasty for the reception of the teachers and consequently there was not a complaint. Palms and other potted plants were utilized to advantage on the stage to please and excite the envy of a few teachers.

Roy W. Cloud, County Superintendent of Schools, in his friendly way, called the gathering to order.

Nearly all the teachers from the kindergarten to the junior college were present and such earnestness and intelligence beamed forth from them and they were so tastefully attired that they presented a praise worthy appearance.

The familiar faces of those teachers, whose faithful service has given our county a state wide reputation, were to be seen once more and numerous new ones served to do away with the possibility of monotony.

Like a perpetual spring, the teaching body is being renewed constantly. It is thirty-seven years ago since the writer attended his first institute and the one of this week seemed to look the same, only much greater in numbers of teachers.

For convenience and greater instruction of the teachers, Supt. Cloud divided the institute into four sections for a number of the sessions, as follows: Kindergarten, first, second, third and fourth grade teachers; rural school teaches; fifth, sixth, seventh and eighth grade teachers; high school teachers.

These divisions were made so that each teacher might be able to get the instruction needed most.

All took part in the singing of "America" led by Miss K. Gertrude Irwin, supervisor of music in the rural schools. This was followed by choice instrumental music, the offering of the San Mateo Union High School Orchestra.

Mrs. Grace C. Stanley, state commissioner of elementary education, spoke on "A New Problem in Education." She said that teachers should deal with children as individuals, as otherwise the misfits cause confusion, to say the least. Teach as a mother does, never losing love and respect. Permit the greatest freedom, but not license to disregard the rights of others. Develop by practice self-government as God intended, encouraging acts of courtesy, consideration and appreciation. Among the wonderful results will be originality and happiness. Poor spellers may be improved by their tracing words. A just criticism of the prevailing school ways is that there are so many changes from one subject to another that there is no concentration.

Miss Corrine Davis of the San Jose Teachers' College, spoke on "Tests." She said that it was necessary to repeat a few of the things we have always known in order to grasp more and more. Measuring the ability of children is good business and helps to ascertain what progress is being made. The public does not understand our works or our adjectives. We must have a starting point and a goal. There are numerous tests on the market and many of them are injurious. Dr. Kelly of Stanford was a safe adviser in cases of doubt. Stanford tests are carefully worked out and may be depended upon. Questions should begin easy enough for the weakest and end hard enough for the strongset. Ask for the latest standard test as they are improving.

Prof. W. L. Glascock announced there would be a luncheon served by the high school cafeteria, for the teachers, at fifty cents apiece and that on Tuesday there would be a luncheon under the auspices of the Exchange Club at the Legion Tea Room, where the speakers would be Marie Keppel, H. B. Wilson, Roy W. Cloud and Clarence T. Phelps, and all the other men were invited to hear Governor Richardson's budget discussed in its relation to school.

Charles C. Hughes, superintendent of Sacramento City Schools, a product of Redwood City, spoke of the great changes that have come upon us, especially since he was a boy. Men will remember there were good schools forty years ago, but he would not say that a woman's memory would go back as far. Then children who would not keep up, were told to go to work and there was no more worry about them. Now we are obliged to take care of all until they are sixteen by the compulsory education law. Great changes have taken place in schools as well as in all other lines. Now education is preparation for a complete living, to do things we are capable of doing. Even fads and frivolities may be the real fundamentals of education, like music. He favored no home study, but would train for systematic study in school. He paid tribute to the memory of G. P. Hartley, a pioneer leader of education in this county, who taught him to judge as to results. His whole address was replete with wit and wisdom. W. S. Bower of Menlo Park asked all the teachers to hand in their resolutions to the resolution commitee before noon on Wednesday. R. N. Faulkner said there would be a meeting of the executive committee of the San Mateo County Teachers' Association on Tuesday evening. All delegates were expected to be present.

Roy W. Cloud urged all teachers to pay their fees for the year to the county, the state and the national associations. John F. Mason, supervisor of reading in the rural schools, entertained the teachers with Kipling's "East and West" and other selections. This was done quite dramatically. Miss Dorothy Bresse of Redwood City rendered piano solos, edifying to all.

Marie Keppel, county superintendent of Los Angeles, the great educator known and honored from one end of the state to the other, said he was glad to see more teachers better looking than those years ago, on account of constitutional admendment No. 16, which had carried by a greater majority than that given to Governor Richardson. The people are always in favor of better educational opportunities despite an economical governor. Imagination is a necessity for advancement, for instance Henry Ford. The duty of the teacher is to live. He wished that Gov. Richardson and Nell Pierce knew this, but feared otherwise. Eight hunderd tenderly reared and educated teachers are now obliged to live in poor domiciles for the want of a governor's signature.

On Tuesday at the Exchange Club's luncheon and at the institute he tore into the Richardson budget unmercifully, ridiculing it and its author to such an extent that everyone who voted for the economical executive felt keenly humiliated. He confessed he had been misled, but he was doing his best to prove himself fully repentant. As the chief characteristics of a good teacher be mentioned goodness, friendship, love, intelligence, charity, industry, initiative, and personality.

On Tuesday morning Miss K. Gertrude Irwin sang a couple of vocal solos. Roy W. Cloud said the Board of Education would meet on Thursday and issue necessary instructions in relation to the teaching of geography. He asked for volunteers to assist in receiving memberships in the California Teachers' Association. He hoped for a full enrollment.

The school census is to be taken during the coming week, throughout the county. If the parents do not come to the schools, the teachers must get the registrations by going after them. The census is useful in a variety of ways.

The week of fire prevention is near at hand. Teachers must not overlook it and an effort should be made to teach all persons who make use of our beauty spots along the highways to keep them free from waste paper.

Retirement funds must not be deducted from teachers' warrants after September 1st. Each teacher must pay $6 before December 1st, and $6 more before June 1st.

H. B. Wilson, superintendent of Berkeley schools, spoke on "The Issues Before the People Regarding Education." He said he was glad to meet the teachers of this county who have such a reputation for good work that it has gone beyond the limits of the state. He paid a special compliment to Prof. W. L. Glascock, who was once a student of his, one who has made good as his early career had always indicated. Both hail from the Hoosier State.

As to the issues, he said they are the business of all executive school officers. They are:: Too many subjects, results not satisfactory, pupils go to school too long, and the cost is too much.

Subjects have been added by reason of pressure on the part of the people. First there were only reading and writing. Music was added in New England to improve the singing in church. Manual training was added as a result of the exhibition by European schools at the Centennial Exposition in 1876.

In response to public demand the colleges have courses that embrace every line of human endeavor. We are obliged to educate all the children of all the people in necessarily many subjects and, of course, at times, the results seem unsatisfactory. People educated forty years ago are famous for their ability to tell what wonderful work was done in the schools of that by gone time. However, an old examination of 1846 was given in 1905 to eighth grade children, and strange to say the modern children made a higher standing o nthe same questions than their predecessors had made. Evidently the many subjects they studied did not befuddle them. No forward looking educator is willing to take a stand against compulsory education. Other speakers were: Dr. Clarence T. Phelps, president Santa Barbara State Teachers' College; Harr Wagner, Editor of the Western Journal of Education; Rev. James L. Gordon; Pastor of the First Congregational Church, San Francisco; and Frank Buckalew, Secretary of the Near East Relief.

SUPERVISORS HOLD SHORT MEETING

A short and business-like session featured Monday's meeting of the Board of Supervisors of San Mateo county, at which Supervisor John MacBain of the third township presided in the absence of Supervisor C. V. Thompson, who was granted a leave of absence at the previous meeting.

One of the first matters to receive the notice of the county's governing body was a map of the Belle Brittan Tract, which was presented to the board by Attorney Charles F. Hanlon. The map was accompanied by a certificate from City Engineer Dimmitt of Redwood City, to the effect that the map had been accepted by the town of Redwood City. The map was consequently accepted by the board.

A communication was received from County Auditor J. J. Shields, informing the board that an apportionment of $41,189.71 had been received from the State, being the county's proportion of the state license tax on motor vehicles, to be used for road work. The communication continued that there was still in the treasury the sum of $5,420.90 from the previous apportionment, giving a total of $46,610.61 now available for road improvement. A motion was made by Supervisor Hickey, seconded by Supervisor Brown, that the sum be divided and made available for the five road districts. This will place $9,322.30 at the disposal of each road district.

A communication from County Surveyor George A. Kneese advised the board that W. W. Thompson, contractor who has been building the road from Pigeon Point to Pescadero, had completed his contract satisfactorily, and advised that the road be accepted and the claims of the contractor passed. This was accordingly done by the board.

Dr. Baker addressed the board in a letter relative to who should have the authority of admitting cases to the new county hospital, and in regard to pay cases. These matters were referred o the newly appointed committee of citizens, who will supervise the hospital.

Acceptances were received from Selah Chamberlain and Mrs. John Merrill, who were recently appointed to positions on the newly formed committee for the hospital. In sending his acceptance of the position, Selah Chamberlain suggested that the term of office on the committee should rotate, giving as many of the county's citizens as possible a chance to see how the hospital is being managed, and also not to draw too heavily on the time of any member. The suggestion was received by the board with approbation.

County Librarian Miss Edna Holroyd presented her resignation to the board, and it was then accepted. Miss Holroyd will, however, continue to have charge of the library until the board makes another appointment.

A communication was received from Division Engineer John F. Skeegs of the State Highway Commission, relative to the Skyline road. Skeegs asked that the county make provision for fencing the new Skyline road. The board replied to the State engineer that it is on record that when the claims are presented for the work that they will be honored. Another communication from the Highway Commission acknowledged the receipt of the report of the supervisors, covering road expenditures for the last year.

A notice of a hearing on two dams, permission to build which had been petitioned of the War Department, was received from that department. The dams in question are to be across two creeks in Alameda county near the eastern terminus of the proposed Dumbarton bridge.

Supervisor MacBain urged upon the board the necessity of a culvert on Harrison Avenue leading to the new county hospital, and moved that the county purchasing agent be requested to purchase two forty foot lengths of ten inch culvert. The motion was passed.

After reports had been received from county officers, and a communication from the Insulate Chemical Company of San Francisco, advising the board to employ their patent floooring in the new tuberculosis pavillion now in course of construction had been read, the meeting adjourned.

THE OWL GARAGE HERE UNDER NEW MANAGEMENT

The Owl garage, which for some time past has been operated by H. A. Naylor, in the building formerly occupied by the general merchandise store of P. P. Chamberlain, has been purchased this week by two local mechanics. The new proprietors of the establishment are Tony Morino, who for a number of years has been connected with the Auto Ignition Company here, and Manuel Romero, who has been employed in the Davies Machine Shop for the last three years.

The new managers of the garage are both competent mechanics, and are both well acquainted in Redwood City, and should be very successful in their new enterprise. The former owner of the garage is leaving for the East.

"BRIGHT SHAWL" PRESENTS SCREEN'S MEANEST VILLIAN

The meanest of motion picture villians is portrayed by Andres Randolf, famous "heavy," in his role of Santacille, a Spanish army Captain, in Richard Barthelmess' new starring vehicle, "The Bright Shawl," First National feature, to be shown at the Sequoia Theatre on Monday and Tuesday, October 8 and 9.

The story is laid in Cuba in the days when the iron heel of Spanish oppression had not yet been cast off by that sorely pressed country.

Santacilla is not the ordinary type of villian. Such commonplace pleaures as cuffing, kicking and beating whomsoever might come in the way are not up to the standards of Santacilla. He is a human fiend who prefers such clever little "jokes" as pressing the burning end of a cigar against the hand of a waiter and making the waiter like it; or viciously kicking under the table with his steel spurs the knees of his feminine companion and making her smile despite the tears in her eyes.

A nice, sociable sort of a chap is Santacilla, who laughs as he slips a knife into the side of the beautiful Spanish dancer who has deceived him.

But he, too, dies.

"The Bright Shawl" is a John S. Robertson production, presented by Inspiration Pictures, Inc.

A Better Oil
Even if it does cost less

It isn't what you pay but what you get in lubrication that counts. Thousands of laboratory and road tests have proved that Zerolene oils and greases reduce friction and wear to a greater extent than any other motor lubricants we have seen and tested or been able to produce.

Zerolene oils form on an average 30% less carbon than other motor oils. They form less carbon than any other motor oils known to us.

And because Zerolene gives better lubrication continuously, the Zerolene-lubricated automobile averages 5% more mileage from the gasoline consumed.

Insist on Zerolene even if it does cost less.

At Your Service

This company cherishes the good will of its customers and the public.

Such good will is fostered by a general understanding of the company's problems and of its relations with the public.

Your principal points of contact with the company are the service you get and the rates you pay.

What the public wants in the way of electric power service is plenty of current, served without interruption, at the lowest rates *consistent with good service.*

California leads the world in hydro-electric service. California has more water power developed than either New York or Ontario in spite of the fact that California has no Niagara Falls.

This state produces more than twenty per cent of all the hydro-electric energy produced in the United States. There is about one horse power of developed electric energy in California for each three persons of the population. Directly or indirectly we all get the benefit of this power. Each horse power can do the work of ten men in one eight hour shift.

California has more residence lighting consumers than New York which has about three times the population. California has a much greater percentage of residences lighted by electricity than any other state.

This is due to natural advantages coupled with efficient management under the California system of utilities strictly regulated with respect to rates, financing and service by the public through its Railroad Commission.

California enjoys the best service and the lower rates. That is why California has become a great industrial state. That is one reason why life in the city and on the farm has become so much more comfortable in California.

BEFORE THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA.

In the matter of the Application of Certain Electors and Residents of Menlo Park to Incorporate Certain Portions of the County of San Mateo, as a Town of the Sixth Class to be known as the "TOWN OF MENLO PARK."

PETITION

To the Honorable Board of Supervisors of the County of San Mateo, State of California:

The petition of the undersigned respectfully shows:

That we and each of us are qualified electors of the County of San Mateo, State of California, and we, and each of us are residents within the limits and boundaries hereinafter set forth and proposed for the municipal corporation herein named and proposed to be incorporated:

That the lands and premises and districts contained within the boundaries herein set forth and described are situated in and constitute a portion of the County of San Mateo, State of California:

That said district contains, and there reside within the boundaries of said proposed municipal corporation, which boundaries are hereinafter mentioned, less than six thousand (6000) inhabitants and more than five hundred (500) inhabitants, to-wit: eighteen hundred (1800) inhabitants, as nearly as can be ascertained by your petitioners.

That the lands and premises and the district contained within said boundaries are not incorporated as a municipal corporation and from no part of any municipal corporation.

That the name which we desire said municipal corporation to have and bear is as follows:

TOWN OF MENLO PARK.

That the boundaries of the lands and premises and district which we desire to have incorporated into a municipal corporation, as herein prayed for, and for the organization of which as a municipal corporation we now ask, are as follows:

BEGINNING at the intersection of the northeasterly line of the main county road leading from San Francisco to San Jose, commonly known as El Camino Real with the center line of Watkins Avenue, as said Watkins Avenue is shown on the map entitled "Menlo Park Villa Lots," Mitchell property;

Thence southeasterly along said northeasterly line of El Camino Real to its intersection with the center line of Alejandra Avenue produced northeasterly;

Thence southwesterly along the said northeasterly production and continuing southwesterly along the center line of said Alejandra Avenue, as the same now exists, to this intersection with the center line of Elena Avenue;

Continuing thence southwesterly along the center line of Park Lane, as said Park Lane is shown on the map of Quillota Tract to the northeasterly boundary line of the Linda Vista Tract;

Thence continuing southwesterly along the center line of Camino al Largo, as said Camino al Largo is shown on the said map of the Linda Vista Tract to the northeasterly corner of Lot number 46 of the said Linda Vista Tract;

Thence southeasterly along the northerly boundary lines of lots numbers 46-39-31-24-17 and 10 of the said Linda Vista Tract to the west boundary line of Valparaiso Avenue;

Thence southeasterly across Valparaiso Avenue to the center line of Orange Avenue;

Thence southeasterly along the center line of Orange Avenue to the center line of Santa Cruz Avenue, also known as Route 7, Section 1, San Mateo County Highways;

Thence southeasterly along the center line of said Route 7, Section 1, and continuing southeasterly along the center line of Route 7, Section 2, San Mateo County Highway, to its junction with the center line of the road leading down to the bridge built by Senator Stanford (said road being known as the Mayfield County Road);

Thence easterly along the center line of said road leading to Mayfield, to the center of San Francisquito Creek, being also the San Mateo and Santa Clara Counties boundary line;

Thence northeasterly down the center of the San Francisquito Creek to its intersection with the center line of the Middlefield Road;

Thence northwesterly along the center line of Middlefield Road to its intersection with the center line of Ringwood Road;

Thence northeasterly along the center line of Ringwood Road to its intersection with the center line of Bay Road;

Thence northwesterly along the center line of Bay Road to its intersection with the center line of Marsh Road;

Thence southwesterly along the center line of Marsh Road to a point where the northeasterly line of that certain tract containing 54.77 acres formerly belonging to the W. J. Adams Estate Company extended northwesterly, is intersected by said center line;

Thence southeasterly along the said northwesterly extension and continuing along the northeasterly line of the said formerly W. J Adams Estate Company, 54.77 Acre Tract, to the most easterly corner thereof;

Thence southwesterly along the southeasterly line of said 54.77 acre tract and its extension, southwesterly to the center line of Middlefield Road;

Thence northwesterly along the center line of Middlefield Road to its intersection with the center line of Watkins Avenue, as said Watkins Avenue is shown on the map entitled "Map of Villa Lots at Fair Oaks."

Thence southwesterly along the center line of said Watkins Avenue and continuing southwesterly along the center line of the first hereinbefore mentioned Watkins Avenue to the point of beginning.

All of the property included within the above description is situated in the County of San Mateo, State of California, and includes all the remaining portion of the Menlo Park school district not included within the proposed boundaries of the Town of Atherton.

NOTICE OF HEARING

Notice is hereby given that on Monday, the 8th day of October, 1923 at the hour of ten o'clock in the forenoon of said day, or as soon thereafter as the undersigned may be heard, the undersigned will present to the Honorable Board of Supervisors of the County of San Mateo, State of California, in open and regular meeting of said Board at its chambers in Redwood City in said County, for hearing and consideration by said Board of Supervisors pursuant to law, this petition as herein set forth and affidavit as hereto attached.

WHEREFORE, we your petitioners pray, pray that all of said County of San Mateo, included within the aforesaid boundaries to be incorporated as a municipal corporation to be known as and to have and bear the corporate name of the TOWN OF MENLO PARK as aforesaid, and that your Honorable Board take such action and proceedings therefor, as may be required under the provisions of, and as provided by an Act of the Legislature of the State of California, entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and Acts amendatory thereof.

Dated this 19th day of September, 1923.

NEWS OF MENLO PARK

Mr. and Mrs. Walter H. Linforth and their charming daughter, Martha, will depart shortly for San Francisco, where they have taken apartments at the Palace for the winter Mr. Linforth is one of the best konwn and most successful attorneys in he state.

Mr. and Mrs. Albert Swabacher have closed their pretty home at Atherton and have gone to New York for a short trip.

Mr. James G. Mason and his daughter, Agnes, are spending the week end at their cottage at Sea Bright.

A rummage sale will take place at the Kane building on the highway next Wednesday. The proceeds will go to the Stanford Convalescent Home. This is a very worthy object, and all should patronize the sale. Fancy articles of every description will be on sale.

Harry Morey, who recently bought a parcel of property on the highway, is preparing to run a spur track from the railroad to the holding and to erect buildings. Mr. Morey is starting a lumber yardand will sell all kinds of building material, rock etc. He is well experienced in this line, having had many years of experience. He is a good business man and under his management the enterprise ought to be highly successful.

Two dwelling are being erected on Pine street by San Francisco businessmen. Others are to follow. Menlo Park is surely growing.

Bright and early local hunters sought the marshes in this vicinity last Monday, the opening of the duck season. The birds are reported plentiful, but wary and wild so that no large number was secured. W. T. Casey, the veteran hunter, secured ten teal on the bay shore. Others came home empty handed. A party went to Los Banos, Merced county, but only shot a few Widgeon. There will not be any good shooting until after the big storms, when the birds will be driven down from the north to feed at the rice fields and low lands.

A. Fowle, well known here and for twenty-five years a member of the San Francisco police department, several weeks ago suffered a fracture of his knee cap in falling down a flight of stairs. He will soon be able to return to duty and is to be provided with an inside position by the department. For many years Mr. Fowle has been a prominent figure in the financial district of the city, which he patrolled daily. He was popular with all; the millionaire was his friend, the financier greeted him by his first name, while the laborer was always glad to meet him because he was "one of the finest on the force." Mr. Fowle is going to receive a clerical position in Chief O'Brien's office.

The hegira of the wealthy residents of this community to their hibernal homes in San Francisco is soon to take place. The flight will begin next week, when Mr. and Mrs. Joseph Koshland will close their home here. They will follow the Hopkins, Sterns, Donohoes, Weirs, Floods, Nickels, Eyres, Fleishhackers, Wells, Brandensteins, Rosenfields, and others. When spring time comes they will return again to enjoy Menlo's matchless climate.

Kenneth Fahy, a former Menlo young man, was married last Saturday to Miss Ferro, a charming young lady of San Francisco. Mr. Fahy is the superintendent of the George Morton Plummbing Company of San Francisco. His mother was the former Miss Kate Bradley of Melo Park.

Cement sidewalks are being laid in front of the Kane property on the highway opposite the new buildings there. This is a decieded improvement. Let the good work go on.

Joseph Rider, the recent purchaser of the Donohoe property at Ravenswood, has somewhat changed his plans in regard to the holding. He will plant but a very small portion of it to strawberries. The property is to be beautified by serpentine roads and cut up into ten acre tracts and sold as villa homes. A large reservoir is to be constructed that will give all the buyers plenty of water for irrigation. It is to be a restricted tract. None but high class homes will be permitted in the subdivision.

Last Wednesday evening the town trustees of the new municipality of Atherton held their first meeting at the home of E. L. Eyre and formally organized the town government. E. L. Eyre was chosen chairman of the board and therefore became the first mayor of Atherton. It is fitting that this honor should come to him for he has resided in the district since boyhood, and it was here that his wife, formerly Florence Atherton was born. The choice of the board is to be commended. J. W. Classen was appointed town recorder and Dr. E. W. Westphal town marshal. At the next meeting of the board a chief of police is to be selected. The city attorney, Reddington, is preparing several ordinanes to be adopted at the next meeting regulating the use of fire arms in the district, the status of vendors and peddlers, etc.

The petition for incorporation will be heard by the supervisors next Monday at Redwood City, but will not be given its full hearing. It is to be hoped the board will grant the petition in its entirety and then let the people of Menlo Park decide at the polls whether or not they want incorporation. Should the board call for an election, a mass meeting will be held some time in the near future to select a set of officers for the town government to be voted for by the people.

A well known banker from San Francisco was here last week looking for a suitable location to start a bank. He received flattering encouragement from all the business men and has fully made up his mind to begin the institution. The rapid growth of Menlo Park makes the establishment of a bank a neccessity.

The Recorder, the new Menlo Park paper, made its initial bow last Saturday. It is a newsy sheet and we wish it every success. For over thirty years, the Times-Gazette has filled this field with considerable success, always giving the people news, always defending the town from the assaults of its enemies and never failing to advocate and encourage its progressive spirit. This it will continue to do hoping thereby to secure a continuane of the liberal patronage heretofore given it. Papers may come and papers may go, but the Times-Gazette goes on forever.

Harry Morey, Jr., has purchased 400 feet of land on the highway near the ice plant between Palo Alto and Menlo Park. The property is a part of the Stanford strip between the highway and the railroad track. Mr. Morey contemplates starting a corporation yard there in the near future.

Dr. A. E. Blake sprained his ankle while attempting to side step an automobile in San Francisco during the week. The doctor will be laid up for some time, and will be prevented from attending to his large dental practice.

Frank Roach, young son of Mr. and Mrs. F. P. Roach, was operated upon at the Palo Alto hospital last Saturday for appendicitis. The young man is convalescent and will soon be able to return to his home.

A card party will be given by the National Council of Catholic women Thursday night, October the 11th, in the Nativity Hall. Valuable prizes will be given away, including door prizes. A large crowd is expected.

RUNNYMEDE NEWS

This evening the Runnymede Dancing Club will give a modern dance in the school auditorium, to which the public is invited.

J. H. Sullivan, President of the Menlo Park Chamber of Commerce, was a speaker at the Ravenswood Chamber of Commerce meeting Monday night.

Fire protection was discussed, the fire committe reporting that the Menlo Park fire district commission would place a chemical engine in this community provided, the residents built a fire house. A committee consisting of C. W. Converse, E. R. Lam, A. Radwoj, J. E. Bishop, F. N. Workman and J. H. Stubbs were appointed to investigate the possibility of the Bay Shore highway passing through this community.

The Runnymede Womans' Club held an interesting session Wednesday afternoon. It was decided to have a reception to the new people of the community the 2nd Saturday in November. This to be a real community night when the men and women of Runnymede will welcome the new comers. This meeting includes North Palo Alto as well as Rennymede.

Mrs. F. C. Nickerson has this in charge with a good strong committee of one lady member from each street. A program will be planned and refreshments served.

The club ladies will be hostesses at the Palo Alto Community House during the month of January. Two new members were added to the roll, Mrs. A. B. Herron and Mrs. French, both of Colley Ave. Mrs. A. B. Partee had charge of the program reading a most excellent paper on Marin coonty. Mrs. Bert Harper entertained the members with two piano solos. The hostesses for next meeting will be Mesdames Strawn, Self, Tremelling, Vanthuyne and Wolverton. Mrs. E. R. Lam was appointed chairman of the flower committee and a committee o fone from each street to be a membership and calling committee for the year.

Mr. and Mrs. J. L. Ames and son, Leighton, former Runnymede people who lived on the Neff place, but now of Live Oak, Calif., were dinner guests at the S. W. Hull home Sunday.

Miss Irma Follet is spending a few days with relatives in San Jose.

Mr. and Mrs. Gray Washburn of Reno, Nebraska, were Sunday visitors with Mr. and Mrs. Frank Crowther. He is a prominent attorney in their home city and she is an old friend of Mrs. Crowther. They are spending their vacation seeing California.

Mr. and Mrs. Joe White, who were week end visitors at the Harpers and Mr. and Mrs. Bert Harper were San Mateo visitors Sunday.

Mr. and Mrs. Gordon have rented their property on University to Mr. and Mrs. Zentner and moved into Palo Alto with Mrs. Gordon's mother, Teesday. Mr. and Mrs. Zentner were former Arcata people. He has a position with the Dudfield Lumber Co. in Palo Alto.

J. Wilkin passed a few days in Berkeley last week.

Mrs. Sylvia Mabee and son, Oliver, and Mrs. Abbot of Mt. View were guests at the Harper home Sunday.

Mrs. Alice Needham has accepted a position in San Francisco and took up her duties Monday. E. M. Barnby will look after her poultry interests during her absence.

Mrs. Fred Klein was a San Francisco visitor Wednesday.

Mr. and Mrs. E. M. Badnby have moved into the cottage they have built on Woodland Drive.

Mrs. H. Garton was a San Francisco visitor Monday, and Mrs. T. R. Mertons, Mrs. D. H. Walker and Mrs. Will Mertons passed the day there Tuesday.

Phyllis Burnett is spending the week with her grand-mother in Morgan Hill.

F. C. Nickerson was a San Francisco visitor Tuesday going cp for his mother who has been visiting in the city.

the state and Mr. Keesling and family of Fresno have moved into the house vacated by them.

Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes
